

Advanced Orthotic Therapy

The Orthotic Group's Advanced Orthotic Therapy seminar has been designed to take your knowledge of custom made orthotics to the next level. Our main objective is to provide you with the specific fundamentals of orthotic therapy. You will gain knowledge regarding: the complete gait cycle, different & difficult foot types, advanced case studies and the terminology used by specialists in biomechanics and footcare.

SEMINAR INFORMATION:

Friday, November 18th

Sheraton Parkway Toronto North Hotel & Suites

600 Highway 7 East, Richmond Hill, ON L4B 1B2

Registration: 12:30pm Seminar Time: 1:00pm-4:30pm

This interactive seminar will provide you with:

- Review of normal foot anatomy and function
- Pathological foot types and their differential diagnosis
- Dynamic functional assessment
- The 5 essential considerations in building foot orthotics
- Advanced orthotic design for sports medicine
- Practice management tips
- Orthotic designs for the most common pathologies
- Why you need a GaitScan™ system

Advanced Orthotic Therapy Seminar

Seminar Instructor:

Dr. Alan Lustig, D.P.M., Chief Medical Director of TOG

Alan Lustig, Doctor of Podiatric Medicine, graduated from the New York College of Podiatric Medicine in 1973. He has been in private practise in Toronto for 38 years. He has been the Chief Medical Director at TOG for eleven years.

He is presently the Managing Partner of the Don Mills Orthopaedic Group in Toronto and he is the Director of the group's Orthotic and Gait Analysis Clinic. Recognized as one of the premier surgical and biomechanical orthopaedic centers in Canada, he and his daughter have one of the largest foot orthotic practices in North America.

In the past 17 years he has lectured in over 50 cities across North America on lower extremity biomechanics, computer gait analysis and foot orthotic therapy. He has published numerous papers on lower extremity medicine and has written a book on computer gait analysis, and has been published in the Journal of the American Academy of Orthopaedic Surgeons. Alan Lustig's career history includes working extensively in the Canadian foot orthotic manufacturing industry since 1985.
